Subject: Awesome week at Play-N-Hooky

Yesterday was a very sad day when we had to leave our new found paradise. Andy and Glenda the place was awesome. All of the amenities were superb. I never thought a golf cart would be so much fun tootling around the village. We never went out for anything except the kids to Pirates Ally to eat. Play-n-Hooky was such a great location, the views were incredible. The deck has to be one of the most tranquil spots no matter what time of the day; great for coffee drinking or wine sipping. The teenagers really enjoyed playing volleyball and horseshoes; what a bonus. Since all was provide it made such a wholesome vacation. Great to see kids entertained with just the basics.

Everything was perfect. I think one of the best parts is the fact it is an owner run property. Personal care was such a priority for the two of you and it really made all the difference in us feeling comfortable. What a difference than just dealing with a business—personal touch is always a plus.

We will definitely be booking next summer and I am also planning a girls' weekend for my friends this year.

Thanks again for everything,

Patti and Abby Trahan

PS Abby loved the flowers. She thought that was so cool.
